Outline

Bayesian Deep Learning

Type 2 Systems: Marrying Deep Learning with Probabilistic Programming

What is type 2?

- Definition of type 2 machine learning from Yoshua Bengio's talk with reference

Including Generative Models

- Oracle construction or surrogates whatever you seek to call it
- GANs
  - Theory
  - Embedded in a probabilistic programming system
- Variational Autoencoders
  - Theory
  - Embedded in a probabilistic programming system

GANs for Probabilistic Programming

Theory

- GAN Theory slide 1

GANs for Probabilistic Programming

Theory
